

COPS KILLING COPS? Ask Jerry Sanders and Bill Gore

On March 17, 1990, two of my supervisors murdered two top administrators in the school district. Assistant Superintendent Al Cook and Administrator of the Year Mann Middle School Principal Maruta Gardner murdered Assistant Superintendent George Frey and “auditor” Elizabeth Tomblin; the motive being a failed attempt to retrieve original documents which would prove that Cook and Gardner along with many other female administrators had embezzled funds.

(Note: March 19 was also Maruta Gardner’s birthday.)

I had met with Tomlin a short time before she was murdered; I had seen Frey a short time before he was murdered, and met with Gardner and some co-conspirators a week before the murders in relation to a meeting Gardner was to have with Frey on the day of the murders. I was not a co-conspirator, but my colleagues were.

At the core of the Gardner’s hatred towards George Frey was that he was a serial rapist who had raped Gardner when she was Vice Principal at Morse High School. Frey had also raped Nancy Shelborne, former principal of Crawford and many other females with administrative experience or aspirations, according to Vice Principal Julie Elliott. Apparently, Gardner and the other female administrators led by Frey’s nemesis, Al Cook, plotted revenge, embezzling hundreds of thousands of dollars, intending to blame the embezzlement on Frey.

CAST OF CHARACTERS

•BOB FILNER – San Diego Unified School Board 1979-83 – PROBABLY knew about the allegations of sexual misconduct by George Frey. I state this because the entire city structure was complicit in covering up the crimes for political reasons and Filner was a member of San Diego City Council. from 1987 to 1992.

In 1982 or ‘83, Bob Filner was a guest speaker in my Point Loma College Master’s program. I asked him a question: What do you think about politicians who run for office for personal gain? He responded, “Present company excluded, of course.” I replied, “No. Present company not excluded.”

•ASSISTANT SUPERINTENDENT GEORGE FREY oversaw the expenditures of all Integration funds which were primarily federal funds. Integration being a key in this story: one murderer was a black male; one victim was a black male. One murderer was a white female; one victim was a white female. Frey was the black male victim.

•ASSISTANT SUPERINTENDENT AL COOK – black and slightly unstable in relation to firearms according to his white ex-wife, Jan Cook, head counselor at Mann Middle School. In 1990, Cook was married to a much younger white woman named Willie Cook.

• MARUTA GARDNER - Administrator of the Year Mann Middle School Principal - white, CIA Latvian translator, personal friends with Arkansas Governor Bill Clinton.

•ELIZABETH TOMBLIN. –white married administrator.

• REVEREND GEORGE WALKER SMITH Also a former school board member, Smith was on San Diego Unified School District's Board of Education for four terms - 1963-79; he was the first African American to serve on the Board of Education and served as the Board's President. He began his tenure by changing the ethnic composition of teachers; he was initially supportive of school integration,

San Diego police Wednesday closed the investigation into the deaths of two San Diego school administrators, calling it a murder-suicide after a week of investigation that turned up personal writings by Assistant Supt. George Frey.

The bodies of Frey, 57, and Elizabeth Alene (Betty) Tomblin, 43--another official of the city school district--were found shot in the head at Frey's home 11 days ago. Frey, who had been divorced three times, and Tomblin, who was married, purportedly were romantically involved.

ORDERS TO COVER UP

For political reasons and personal favors, the crime was covered up, and those orders to cover-up went all the way up to the office of President of the United States: President George Herbert Walker Bush, a man whose grandfather was convicted of funding Adolf Hitler's war machine.

San Diego Unified School District Superintendent Tom Payzant served with President George Herbert Walker Bush on *America 2000* – later changed to *Goals 2000* under President Clinton. Gardner accompanied Bill Clinton whenever he was in town.

PRESIDENTIAL CIA ASSASSIN, SLEEPER CIA INTELLIGENCE OFFICER, FORMER SYMBIONESE LIBERATION ARMY MEMBER, AND DOCUMENTED TERRORIST SCHOOL TEACHER

In 1998, when overt attempts were made on my life, I discovered the teacher in the classroom next door was a CIA assassin working for the President. How did I find out? He told me repeatedly. Originally, I just did not believe him.

(See Attachment Brown 4-15, if you want more details)

As I have documented, when Gary Atwood, the teacher in the classroom next door, communicated that Acting U.S. Attorney Charles LaBella was an intended target for assassination, I went to the FBI who ordered me to report the actions of SDPD officials to Internal Affairs.

Repeatedly over months and then years, the San Diego FBI told me they were uninterested in the activities of a man whose wife, SLA member Angela Atwood was on FBI's Most Wanted who, according to Gary, was the makeup artist for Oakland Superintendent Marcus Foster's assassins Russ Little and Joseph Remiro. Angela, or Angel, was also was the woman who held the gun on Patty Hearst during the kidnapping.

<http://www.youtube.com/watch?v=9ms1vRoDpIE>

I contacted the CONTELLPRO FBI SAC Bill Gore and was told that I had to report the criminals in question – SDPD officials - to SDPD. San Diego FBI, under Bill Gore's leadership was uninterested in ANY new information I had even though Atwood admitted to me that he told me things he had never told anyone, about the Symbionese Liberation Army.

<http://www.paperlessarchives.com/sla.html>

The San Diego FBI directed me to go to the San Diego Police Department even though it was SDPD officers who tailed me to the FBI Office. Jerry Sanders was police chief when SDPD officers were breaking into my home and illegally tailing me.

SDPD Internal Affairs Sgt. Fasching identified one vehicle which tailed me to the FBI Office as belonging to SDPD.

Another SDPD vehicle was parked outside CIA assassin Atwood's home. I took pictures of it. SDPD Internal Affairs identified that vehicle as Lt. Chris Ball's SDPD vehicle which had a bumper sticker reading, "OIS." I asked Sgt. Fasching what that meant. He replied, "Officer Involved Shooting". I asked if SDPD had any bumper stickers like that; Fasching said, "No"

SDPD Lt. Chris Ball, I believe, was the lieutenant for Internal Affairs at the time

At the time I discovered SDPD Lt. Chris Ball's vehicle parked in front of CIA assassin, Gary Atwood's residence, Gary admitted that a mysterious van in his backyard was "wired."

(Gary left a sign on the front of his house: "IF YOU GO INTO THE VAN, I WILL PUT A NAIL IN YOUR SKULL" and the VanGogh's

I commented to Gary about the sign: "It sounds like you have done that before." He replied, and I could tell by the look on his face he was re-living memories, "Many times"

9/11 Congressional Report Faults F.B.I.-C.I.A. Lapses

By DAVID JOHNSTON

Published: July 24, 2003

The Sept. 11 attacks were preventable, but the plot went undetected because of communications lapses between the F.B.I. and C.I.A., which failed to share intelligence related to two hijackers, a Congressional report to be released on Thursday says.

The report, by a joint committee of the House and Senate intelligence panels, found that for nearly two years before the attacks, the Central Intelligence Agency knew about the terror connections between the two men, Khalid al-Midhar and Nawaq Alhazmi, who in 2000 moved to San Diego, frequenting Muslim circles that the Federal Bureau of Investigation had infiltrated.

Some people who have seen the report said its central finding was that if the intelligence agency had shared its information and that if the F.B.I. had used its informants more aggressively, the presence of Mr. Midhar and Mr. Alhazmi in San Diego offered "the best chance to unravel the Sept. 11 plot."

After Congress rebuked Bill Gore, he moved on to the District Attorney's office, and when I uncovered a bomb threat against DA Bonnie Dumanis she fired him, too. Sheriff Bill Kolender hired him on. Chelsea King's murder gave Gore enough positive press coverage to win the Sheriff's election just like Cara Knott's murder put Nazi-affiliated Asst. CIA DRUG MONEY LAUNDERING EMBEZZLEMENT AND SECRET FUNDING OF
WORLD WAR III

DID SDUSD (San Diego Unified School District) AKA SDCS (San Diego City Schools)
ILLEGALLY FUND THE PLANNED WORLD WAR III?

**PRESIDENT CLINTON REPORTED TO BE PLANNING TO USE WORLD WAR III TO
STAY IN OFFICE!**

Subtitle: A New Age newsletter reports a conversation that an actress friend of Bill and Hillary had with Bill at the White House recently. Bill is reportedly to have said that he plans to use World War III as a means to stay in office. While this may be a shock to most, we know the Illuminati has been planning World War III since **1870**.

<http://www.cuttingedge.org/News/n1323.cfm>

San Diego Unified School District has two legal names; the other being *San Diego City Schools*. It is my belief that there is a criminal reason for this: double funding as the school district has a history of refusing to release public financial data. SAC Bill Gore had been informed of this repeatedly, and I sent him a letter with a flyer from Candidate Zimmerman, a San Diego Unified School District member, running for re-election in which she revealed even she did not have access to where all the consultation funding went. If a board member doesn't know, than who does?

As a well-informed and well-trained educator, I was well aware of how many "consultants" the district needed and used. I was trained to audit schools by the state for Program Quality Review, and the figures did not add up.

Should I document how many suspicious deaths are related to school funding/finances?

- 1. George Frey
- 2. Elizabeth Tomblin

Why was Frey suspected of having bombs in his safe, and years later I was teaching next door to a documented explosive expert years later. (Gary Atwood - associated with SLA police car pipe bombers 1973-74. Not to mention the many bomb threats when I worked in the largest Iraqi community in San Diego county – a Ramzi Yousef being one of the students in my charge.)

Three of my students who were the first 14-years olds tried in California as adults murdered the pizza man who had delivered pizza to my home the week before. The connection is very complex, but consistent with the big picture – a supercomputer named LUCID, designed by NAZI scientists can cause car accidents and activate MK-ULTRA murders.

(See attached Brown 4-15 document for Nazi links) My best friend from high school was Linda Rose whose father was local Toyota dealer John A. Rose – escaped NAZI Hermann Goering who faked his death one day before he was to be hanged by the Nuremberg Court in Germany 10-15-46.

All the top Nazis had doubles – clones from Mengele's twining experiments. Goering's bio-son is Alan Bersin, a perpetrator whom I have extensively documented who was born on the day Goering was supposed to have been executed)

The victim of the pizza murder, Tariq Khamisa, was the son of the man who sued John A. Rose. An *exposé* appeared in the *Reader Magazine*; however, I cannot access it online. So the son of the person suing Rose-Goering, who had delivered pizza to my home was murdered by three of my students for \$20.00. They were also Gary Atwood's students. (We were their English and History teachers, and not their math teachers.)

Two members of Roosevelt Junior High Budge Committee – mid 1990's died within a short time of each other:

- 3. Calvin Barnholt (?)– Traffic accident similar to the death of a SDPD's death (Father SDPD cop flown by SDPD chopper to son's body)

- 4. Ron Smith-Kick – Virulent cancer

- 5-6. Also dead within a short time span: Roosevelt custodian and his wife on January 1, the year after he reported thousands of dollars in theft of school property.

Not dead, but fired: Serra High School Vice Principal and former Roosevelt Junior High Vice Principal Sandy Wiebe was fired for financial indiscretions.

Not dead, but fired: San Diego High Principal Tony Alfaro was fired for financial inequities. He had been principal at Memorial Junior High and was principal at Roosevelt when I was Budget Chair and Budget Secretary. It was my duty to collect financial documents for the Committee. Alfaro refused to provide the needed documents, and a battle ensued between us resulting in documented sexual harassment and informal threats.

Alfaro to Summers in Alfaro's office: "Do you want to turn this into a street fight?"

Summers to Alfaro: “Well, if that’s what it takes.”

REPORTING FINANCIAL CRIMES IN SDUSD TO SDPD:

•7-8. I reported the financial inequities to the school board which ignored the financial indiscretions and the documented sexual harassment. I called SDPD Financial Crimes. Within days, SDPD Captain Lesli Lord committed suicide after organizing an extremely successful conference. The seasoned SDPD Detective investigating her homicide also committed suicide.

Maruta Gardner murdered Frey-Tomblin in 1990. In 1998, after my SDTA collective bargaining agreements were violated repeatedly by Roosevelt Principal Marge Danshaw – Maruta Gardner’s bridge playing buddy. I was, in violation of my contract, transferred for no good reason basically because Danshaw lied and said she had to lose one English teacher. With 22 years seniority, she transferred me and kept a teacher with 2 years seniority which was a TOTAL VIOLATION OF MY BARGAINED RIGHTS

I attended a pre-school workshop at Wilson Middle School instead of attending the workshop at Roosevelt. Gardner was the speaker. As she spoke, I read the newspaper.

What was I reading within days of reporting Roosevelt’s financial inequities to SDPD?

•Two San Diego Police Officers Commit Suicide

Friday, August 28, 1998

SAN DIEGO (AP) - They are trained to protect and serve, but often when police officers face trauma in their own lives, they don't know who to turn to or how to ask for help, experts say.

<http://www.sddt.com/News/article.cfm?SourceCode=n980828cn>

As Gardner spoke, I read about the death of Cpt. Lesli Lord, one of eight SDPD Captains. Captain Mike McCulloch was another. Mike’s wife, Robin, worked at Mann, and also knew that Maruta had killed Frey and Tomblin. Mann employee Charles Love also suspected as much, and his favorite nephew was falsely accused and convicted of rape and committed suicide in jail.

- In 2000, I requested that Roosevelt Principal Marge Danshaw be arrested for Conspiracy to Commit Murder under the same law my student, Solomon Simpson was charged with Tariq Khamisa's murder: Vicarious Liability

<http://law.jrank.org/pages/2250/Vicarious-Liability-Vicarious-liability-accomplices-coconspirators.html>

Once, probably 1998, when Atwood and I were discussing Danshaw's violations against us, Atwood, the explosives expert, told me he wanted to "put her car up a tree". I told Gary that I hated her too, but that I would never be involved with murder. Summers to Atwood: Don't get me wrong. I hate her too. I just wish she'd die of a heart attack or something."

- 9. Danshaw was dead within three days of my mailing the January, 2000, request to the District Attorney. I saw Atwood after Danshaw's death. The admitted CIA assassin smiled about her death and said he had been in the area of her residence that night and that the DA had opened up a file on him. She died of a heart attack on her birthday. For the record: I did not order Atwood to kill her, or know anything about her death prior to reading her obituary in the paper three days after I requested her arrest for Conspiracy to Commit Murder. Did Danshaw confess her part to Alan Bersin? Did Alan Bersin order her killed because she would reveal Bersin's incompetence and complicity? (See Brown 4-15)

ANOTHER DEATH

- 10. SDUSD Personnel Director George Flanigan violated my rights and soon died of a virulent cancer.

- 11. I reported five SDPD officers to Internal Affairs. Officer Donna Mauzy never completed her interviews with Sgt. Fasching.

Mauzy, 38, killed June 23, 2001, when her Jeep was struck by a suspected drunken driver on Interstate 8 in El Cajon as she was driving to work at the department's Central Division in Logan Heights.

"She could talk a crocodile into handcuffs," said police Chief David Bejarano in eulogizing the popular, 5-foot, 2-inch, 110-pound officer during services at USD's Immaculata Church.

<http://www.findagrave.com/cgi-bin/fg.cgi?page=gr&GRid=55136109>

Fasching to Summers in my SDPD Internal Affairs interview: Who are you hear to report?

Summers: Captain Mike McCulloch (Homicide)

Fasching: Did you see who was standing in the office when you walked in?

Summers: I saw an officer standing there, but didn't pay attention to him.

Fasching (showing fear on his face): That was Mike McCulloch

Summers (stuttering in a fear response): That was M-M-M-Mike? I didn't recognize him.

•12. I reported to SDPD Police Chief David Bejarano that Clinton was behind these killings and that I did not care if he told the Secret Service. Within a short time, a San Diego Secret Service agent while traveling on vacation was killed in a car accident out of state.

SDPD Police Chief David Bejarano's daughter was attacked.

Man Gets 6 Years for Attacks on Women

March 31, 2000 | From Times Staff and Wire Reports

In one of the state's first hate-crime convictions for attacks on women, an ex-convict Thursday was sentenced to six years in prison. "A woman should not walk in fear of unprovoked attacks," Superior Court Judge Judith Hayes told Billy Dean McCall, 29, in sentencing him for **attacks on four women, including the daughter of Police Chief David Bejarano**. McCall was also fined \$1,200.

"Tear Down This Wall?" Part II

On February 27, gunmen fired 100 bullets into the black Chevrolet Suburban of Tijuana Police Chief Alfredo de la Torre Marquez. It was the second assassination in six years of the city's top cop. Two months into 2000, more than 70 people had been shot to death in Tijuana—more than one person a day.

... San Diego Police Chief David Bejarano—who had been scheduled to meet with his Tijuana counterpart the day after he was murdered—says he was "shocked" by the killing. He doesn't foresee that kind of violence here. "From a law-

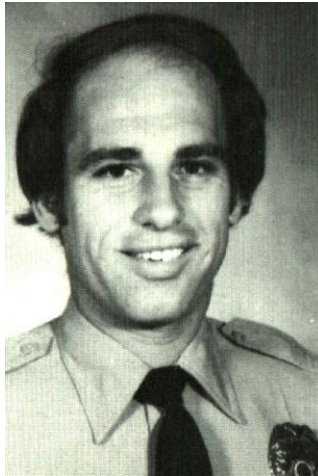

enforcement point of view, I'd hope we could tear down the border wall," he says. "But I don't see that happening for 30, 40 years or more."

<http://www.sandiegomagazine.com/San-Diego-Magazine/May-2000/Eye-on-San-Diego/>

Articles were stolen from my car detailing the murder of three Mexican informants who had just left San Diego FBI Office.

I saw Maruta Gardner at Pacific Beach. She pulled aside a fellow Mission Beach resident and started whispering things about me to him. After she left, I went up to him and asked me what she said. He told me she told him I was dangerous. That did it! I told him she was a double murderer and that I would give him some documentation, and did so in a few days. When Landsdown was selected to be police chief, I decided it was time for Gardner's neighbors to know about their neighbor so I printed up a flyer and distributed it to her neighbors – Jogger Roger Hedgecock ran by and I handed him one. The SDPD Mobile Unit was in Mission Beach so I gave them one. Within days SDPD Detective Barry Eldridge was squished by an 18 wheeler.

Off-duty police officer dies in collision with big-rig

SAN DIEGO – A San Diego police detective on his way to work died today when his motorcycle crashed into a big rig on a

Miramar-area street, authorities said.

Barry Eldridge, 51, was headed west in the 7300 block of Miramar Road about 5:45 a.m. when the driver of an eastbound semi-truck made a left turn in his path, according to police.

The resulting collision killed Eldridge, a 24-year department veteran, SDPD Sgt. Rod Vandiver said. It was not immediately clear who was at fault for the wreck.

The BIG RIG was code for a reference to AGENT THOMAS E. RIGGS # 2866

Tom Riggs had been a San Diego police officer for four years when he was promoted to the rank of Agent. Reassigned to the Southeastern Division in 1984, his up and coming career was about to come to a very violent end.

Riggs was the son of retired Sergeant Charles Riggs and the brother in law of slain Officer Timothy Ruopp.

I met Donovan Jacobs, the officer shot with Riggs, when I went to a police ball game as a guest of Robin and Mike McCulloch.

AFTERMATH
