Friday 21 Feb 2020	<p>First Attack</p> <p>While sitting at my desk in the afternoon I felt a stabbing in my right leg.</p>
Sat – Sun 22-23 Feb 2020	<p>Prayer and Fasting</p> <p>My wife and I spent these two days in fasting and prayer seeking the Lord. During this time the Lord showed me that I was attacked by a demon who stabbed me with something that looked like a saber. During this fast the Lord showed me that there are areas that needed cleaning up in my life and that the attack was still continuing. Even during the fast, demons of Satan attacked every night. I think on Saturday night the Lord sent an angel to help me fight the demons that were attacking me.</p>
Mon 24 Feb 2020	<p>Monday morning we broke our fast and prayed to the Lord Jesus Christ.</p>
Tue 25 Feb 2020	<p>Again I woke up still in great pain and prayed to the Lord for relief. Jesus Christ gave me strength through the day and everything seemed fine when I went to bed.</p> <p>Around midnight 5 daggers were thrust into my leg.</p>
Wed 26 Feb 2020 (Early AM)	<p>Woke up around midnight and I saw 5 demons each wielding a dagger and stabbing it into my right leg. I attempted to cast the demons out, but they laughed at me saying that I did not have the power to get rid of them. Then I saw an angel of the Lord Jesus Christ who was sent to aid me in the fight.</p> <p>This is the first time that I have ever confronted a demon that I could not get rid of by using the name of Jesus Christ. I sought the Lord Jesus Christ and he gave me a new tool that would get rid of the Demons.</p> <p>This tool is called CONDEMN!</p> <p>This is an extremely powerful tool with the power of a judge to condemn a demon to a pit in hell.</p> <p>The Lord showed me that there are many pits in hell with each created for a specific demon. This tool makes you a judge over the demons where you can sentence them to their particular pit in hell until Jesus Christ releases them.</p> <p>When I used this tool on the demon that laughed at me, I heard a tremendous scream when he went to his designated pit.</p> <p>Realizing the power of this tool to condemn demons to their designated pit in hell, I sought the Lord for divine guidance and</p>

wisdom on how to use this most powerful tool. I realized that the Lord gave me the power to be a judge of demons, and I thought that I did not have the wisdom to use this tool most effectively.

You have heard of Archangels, well I have discovered through this experience that there are Archdemons. These are the demon princes like what is mentioned in **Daniel 10:11-21**.

This is where the Prince of Persia fought against an angel of the Lord to prevent a message from the Lord from reaching Daniel. These demon princes are of the same rank and power as God's Archangels. These are the ones who rule the nations of the world and seldom fight us as individuals.

Since **Condemn** is a judges command, this tool can only be acquired from the Lord Jesus Christ. This is a tool that is only trusted to those that the Lord trusts to use it with his divine wisdom and guidance.

These demon princes are the most powerful demons in Satan's army. Satan only sends these demons against the saints when he has convinced himself that the lesser demons are not powerful enough to do the job. When I condemned the demon that laughed at me to his pit in hell, he said I was not supposed to have that power against him. Thus I was able to diminish Satan's army of several of its generals. When the Lord gave me the tools to take out some of Satan's command structure, he showed me just how powerful this tool really is.

After the demons were gone, there was a tremendous peace and glory that filled all of the house.

Wed 26 Feb 2020 (Day)

After the tremendous battle, I prayed for most of the night. When I woke up in the morning my leg still was extremely sore and hurt like the dickens. With more prayer the Lord showed me that:

- 1 dagger removed the cartilage from the hip
- 1 dagger removed the cartilage from the knee
- 1 dagger cut the muscle from where it attaches to the bone
- The other 2 daggers just butchered the thigh muscle.

Rita wanted to take me to the doctor's, but I told her that we are fighting a spiritual war with Satan's high command. The doctors cannot grow real cartilage. Only the Lord can replace the damage done by Satan's demons. When fighting a spiritual war you need to use spiritual weapons.

Wed 26 Feb 2020 (Night)

We went to bed with much prayer, seeking the Lord Jesus for a

complete cure which includes:

- Spiritual
- Mental
- Physical

A complete cure must not only contain the physical, but also the spiritual and mental. When you seek Jesus Christ for a cure, he will give you a complete cure and not just take care of the symptoms. Jesus has the ability to cure the cause.

Jesus showed me that there were demons around my house that were left over from the previous owners. Thus we had to get rid of the leftover demons first. After they were cast out of the house, Jesus had me pray for my own faults, and sins.

- Looking at porn
- Lust of the Flesh
- Rebellion

Rebellion against the precepts of the Lord was my greatest sin. The pornography and the lust were just the symptoms of my rebellion against the Lord Jesus Christ. The Lord had me clean up my computer and stuff. Including bookmarks in the various browsers I use.

At the same time the Lord was working on Rita to cleanup her life. For instance my mother gave her a fertility goddess that she threw away. Rita also told me that she had some bookmarked stuff that she removed like rock and roll sites.

We both prayed and repented of our sins.

Thur 27 Feb 2020 (Early AM)

Around midnight the demons again attacked me. They were clawing, and hurting me. Now that the Lord had given me a tool to combat these demons I was able to cast them out and have a victory in Jesus. The pain from the attack was excruciating. I thanked Jesus for the pain, for the pain caused me to pray more and seek a deeper relationship with the Lord.

At around 4:00 AM the Lord had me clean out all of the filth on my computer. My leg was sore from the battle and I hurt bad. When I got done deleting the necessary files the pain miraculously left, and I went back to sleep.

Thur 27 Feb 2020 (Day)

This morning I woke up and the Thanked the Lord for the victory in last nights battle. I also thanked the Lord for showing me what really needed to be done. I also remembered to thank the Lord for pulling me out of the pit and preventing the demons from killing me which was

their intended goal.

Remember the 5 demons who attacked me with the daggers? These were sent by the Shriner's and my father who is a former potentate of the Shrine. Before I ever thought about salvation and Jesus Christ, my father was cajoling me to become a Mason. He wanted me in the Shrine but the Lord Jesus Christ, who knows the end from the beginning had other plans for me. As a result after I was attacked I saw a circle of Shriner's praying to Lucifer their god who portrays himself as an angel of light. **II Corinthians 11:14-15**

You might ask, why would my father do such a thing. I think that he considers my not joining the Masonic Temple and the Scottish Rite an act of rebellion. Before I became a Christian, I was rebellious and a long haired hippie. I wanted nothing to do with the war mongers of my father's generation. You must remember that this is when the NY Times was publishing the Pentagon Papers and we were reading the Times daily.

When I was living in Missouri, I preached a sermon and I touched on the evils of Masonry. One of the members of our group came up to me afterward and told me that he wasn't able to pray through to the Holy Ghost for months. After he repented about being in the Masons, he was able to speak in tongues again. What a glorious proof that the Masonic secret society is evil.

Fri 28 Feb 2020 (Early AM)

It seems that Satan always does his wickedness against the saints of God in the night when they are sleeping. Satan seems to torment and attack when you are asleep. After midnight Satan came with his minions and fought against me. These were powerful demons and I had to use the **Condemn** command to fight them off. It seems that every night Satan has been attacking me and the pain is always excruciating after the battle.

Sat 7 Mar 2020 (Early AM)

Satan and his minions waged a serious attack against me and again cut the cartilage and muscle again. Now the Lord Jesus already regrew the cartilage in both my knee and hip, but Satan is relentless and keeps coming back to hurt, maim, and destroy.

Rita and I both woke up and were both praying for deliverance from this attack.
